

appiaCELLULAR | anytime, anywhere productivity

People are more mobile than ever, working from the road, home – virtually anywhere. As a result, cellular voice, text, and data services have become a major communication expense for many companies and organizations.

Appia offers cost-effective cellular service solutions from AT&T. There are no term commitments and you can bring any device you prefer, provided they are compatible with the AT&T network.

benefits

AT&T

The AT&T plan includes unlimited voice and text and at least two GB of data per user. Unused data is carried over to the next month.

■ **Service** With AT&T, you'll have reliable network coverage almost anywhere you go.

■ **Take Wi-Fi with you** Stay productive by having real-time access to email, the web, and business data. Mobile hotspots connect up to five devices. Add a softphone for in- and outbound calling just as if you were at your desk.

■ **Lower cost** Use our cellular calculator and you'll see how much you can save over what the carriers charge.

■ **Device freedom** With our "bring your own device" program, you can use any AT&T network-compatible phone or tablet you wish, at the best prices you can find.
