

Appia Communications Named to the MSPmentor 100 Global List for Fourth Year | Ranked 31st globally and 27th in North America among the world's top Managed Service Providers

TRAVERSE CITY, MI - February 22, 2012 - Appia Communications, a leading provider of managed communication and network services, has been recognized for the fourth straight year by MSPmentor 100, a distinguished list and research report identifying the world's top 100 managed service providers (MSPs). Appia was recognized on both the MSPmentor 100 report that includes MSPs from around the world and the MSPMentor 200 North America edition.

"We are honored to again appear on the MSPMentor list," said Victor von Schlegell, president of Appia Communications, Inc. "This award recognizes our approach of offering a broad number of managed services. This last year we expanded our services internationally, opened our data center, and released a new managed VoIP solution for enterprises"

The MSPmentor 100 report, available at <http://www.MSPmentor.net/top-100-msps>, is based on data from MSPmentor's global online survey, conducted October-December 2011. The MSPmentor 100 report recognizes top managed service providers based on a range of key metrics.
